Professional Summary

Full-Stack Developer with 3+ years of experience building, scaling, and deploying modern web applications from the ground up. Skilled in transforming wireframes and product requirements into responsive, reusable, and high-performance user interfaces using React and Tailwind CSS. Experienced in developing RESTful APIs, building backend services, and managing relational databases with MySQL. Passionate about writing clean, maintainable code and delivering scalable solutions that create real business value.

Willing to relocate: Anywhere
